Commissioner Overland commented that Chad Kono and Commissioner MartinOakes are both running for the City Council. Commissioner McLaughlin stated that, while it is customary to resign a Charter Commission appointment if elected to the City Council, this is not a requirement per State statute or the Red Wing Charter Commission Bylaws.

9. Consider Motion to Adopt Resolution No. 2022-1 Amending the Charter Commission Bylaws

Commissioner McLaughlin introduced this item and summarized proposed amendments to the Charter Commission Bylaws

- 1) The City Clerk will serve as the Secretary of the Charter Commission.
- 2) Liaisons to the Charter Commission may be appointed but are not members of the Charter Commission.
- 3) Any Commissioner may propose appropriate agenda items.
- 4) The Bylaws will provide for and establish rules for public comment.

Commissioner McLaughlin opened the meeting for public comment regarding this item.

Alan Muller, 1110 West Avenue, Red Wing, spoke in favor of strengthening opportunities for public participation and democracy. He stated that some Red Wing Boards and Commissions have welcomed public comment, while others have not. He inquired regarding language limiting the public comment period to 20 minutes and limiting each speaker to 2 minutes. He suggested allowing additional time for the public comment period and extending the time for each speaker from 2 minutes to 3-5 minutes.

A motion was made by Commissioner Overland to adopt Resolution 2022-1, amending the Charter Commission Bylaws. The motion was seconded by Commissioner Olson. Commissioner Overland asked how the amendments were drafted. Commissioner McLaughlin indicated that he drafted the proposed language after researching best practices. Commissioner Overland commented that the Charter Commission may suspend the rules in terms of the 20-minute public comment period.

A motion was made by Commissioner Overland to amend the proposed language to allow each speaker up to 3 minutes. The motion was seconded by Commissioner Bender. Commissioners stated that the 3-minute limitation would be consistent with the City Council's meeting policy. Commissioner MartinOakes stated that this would also be consistent with Red Wing School Board policy. A vote was conducted regarding the proposed amendment to the motion and carried unanimously.

Commissioner MartinOakes suggested discussion of allowing a speaker to speak on behalf of a group. Commissioner Overland stated that a longer presentation could be requested to be placed on the agenda. Commissioner Cook expressed concerns about one person speaking for an extended period of time on behalf of others. A motion was made by Commissioner Overland to strike language pertaining to someone speaking on behalf of a group of people. The motion was seconded by Commissioner Cook. Commissioner Bjornstad described how the Red Wing School District handles this type of situation in terms of designating a spokesperson. A vote was conducted related to striking this language and carried unanimously.

Commissioner MartinOakes requested clarification of the language relating to the City Clerk serving as Secretary of the Charter Commission. She asked whether this language represents a change in practice or reflects the current practice of the Charter Commission. Commissioner Overland also commented regarding the term Secretary and suggested changing this term to Clerk. Commissioner McLaughlin indicated that additional editing would be needed in order to change this terminology throughout the document. He commented that it is quite typical that a Secretary or Treasurer might not be a member of the body. He added that this language reflects the current practice of the Charter Commission, with the City Clerk serving in this role. City Clerk Swanson indicated that this role is consistent with her job duties.

A motion was made by Commissioner Overland to change the term “Secretary” to “Commission Clerk” and amend the Bylaws to state, where applicable, that duties will be assigned to the Commission Clerk. The motion was seconded by Commissioner West. Commissioner Overland also suggested reviewing the Bylaws to determine whether additional language changes are necessary. Commissioner McLaughlin suggested maintaining the current language, with additional revisions to be proposed following further review of the Bylaws language. Commissioner Overland expressed concerns about designating a City staff member to serve as an Officer of the Charter Commission. Commissioner Bender stated that the language implies that the Secretary is a member of the Charter Commission. It was suggested to state that the Secretary is a liaison position and not a member of the Charter Commission. Commissioner Overland clarified her motion to change “Secretary” to “Commission Clerk” and add language stating that the Commission Clerk shall not be a member of the Charter Commission. Commissioner West suggested defining the roles and responsibilities of the Secretary position, as opposed to changing the position title to Commission Clerk.

Commissioner Overland amended her motion to include the following language:

“In the absence of a Secretary, the City Clerk shall serve as Commission Clerk,” with other instances in the Bylaws referencing the Secretary changed to “Secretary or Commission Clerk.”

Council Administrator Kuhlmann clarified the Staff Liaison and Council Liaison positions. Following further discussion, Commissioner Overland withdrew her amendment motion and made a new motion to amend the Bylaws language as follows:

“In the absence of the Secretary, the Staff Liaison from the City of Red Wing shall serve as the Secretary of the Commission, but shall not be entitled to vote.” The motion was seconded by Commissioner MartinOakes.

Commissioner McLaughlin suggested revising the term “Staff Liaison” to “City Clerk.” Commissioner Overland expressed agreement and suggested revising language under the Officers section accordingly. Following discussion, a vote was conducted and the amendment motion relating to the Secretary position carried unanimously.

A roll call vote was conducted regarding the original motion to adopt Resolution No. 2022-1, amending the Charter Commission Bylaws, including the additional language amendments that were approved during the discussion. Upon call of the roll, Commissioners Cook, Dummer, Hanson, MartinOakes, Olson, Overland, West, Bender, Bjornstad, and McLaughlin voted aye, no nay. Ten ayes; no nays; motion carried.

10. Consider Motion to Elect a Charter Commission Secretary

No action was taken.

11. Public Comment Period

Joseph Blank, Red Wing, introduced himself. Commissioner McLaughlin stated that, although recommendations regarding the current vacancies were made earlier during the meeting, there will be future Charter Commission appointment opportunities. Commissioner Overland suggested attaching a CV or resume to any future applications.

Michael Johnson, Red Wing, expressed appreciation for the opportunity for his application to be forwarded to the District Court for consideration of his appointment to the Charter Commission.

12. Consider Motion to Approve the 2021 Charter Commission Annual Report

Commissioner McLaughlin referenced the 2021 Annual Report.

A motion was made by Commissioner Bender, seconded by Commissioner Cook and unanimously carried, to approve the 2021 Charter Commission Annual Report as drafted.

13. Consider Motion to Adopt City of Red Wing Data Practices Procedures and Data Inventory Public Document as the Official Data Practices Policy of the Charter Commission

Commissioner McLaughlin provided background information. Commissioner Overland requested clarification of policy changes, and City Clerk Swanson provided additional information in this regard.

A motion was made by Commissioner Bender, seconded by Commissioner Bjornstad and unanimously carried, for the Charter Commission to adopt the City of Red Wing data practices procedures and policy as its official data practices policy.

14. Review Legislative Changes that Affect the Charter Commission

City Attorney Kristin Nierengarten summarized the process of reviewing legislative changes, focusing on election laws and rules. She reported that there are no changes of any substance that would impact Charter Commission operations.

15. Annual Materials

A. City Attorney Material – Legal Considerations for City Officials.

B. Code of Conduct.

The documents were referenced. Commissioner Overland inquired regarding the process of adopting the Code of Conduct. Council Administrator Kuhlmann stated that the City Council adopts the Code of Conduct annually during the first meeting of the year.

16. Consider Scheduling Any Additional Special Meetings Between Now and the June 2023 Regular Meeting

Commissioner McLaughlin reviewed the process of scheduling a special meeting of the Charter Commission. No special meetings were requested at this time.

17. Adjournment

Commissioner McLaughlin adjourned the meeting at 7:05 p.m.

Question applies to multiple boards

Please briefly explain your interest in serving on this board or commission

Civic involvement is central to a healthy, dynamic democracy, and the timing is right in my personal and professional life to serve my community now. Some Red Wing residents may not realize that they live in a home rule charter city. Because Red Wing can exercise powers locally adopted in its charter, we have more control over city powers and have a more responsive government – and thus more responsibility. For example, the community can amend its charter when circumstances warrant it rather than waiting years for the Legislature to act. But we do so only after careful research and civic engagement. I wish to help my fellow citizens understand what this entails, keeping in mind that maintaining the integrity of the Charter is imperative. In short, I believe my skill set fits the Charter Commission.

Question applies to multiple boards

What skills and talents will you bring to this board or commission?

I strive to be thoughtful, deliberate, conscientious, fair, firm and well-informed in all aspects of my life. In my current role as Red Wing Public Schools communications manager, I act as a conduit to the community -- students, staff, parents, community members and government leaders. No surprise to any who knows about my years at the Republican Eagle, I am interested in public dialogue.

Question applies to multiple boards

Do you have any other community involvement experience either in Red Wing or another Community?

My past service includes the Goodhue County AIDS Network, Leadership Red Wing, Blandin Editor & Publisher Leadership, and First Lutheran Church Council. I am Red Wing Noontime Kiwanis' current vice president and through my longtime club membership have been involved in two key partnerships with the City of Red Wing: the Sorin's Bluff Memorial Park renovation and the ongoing downtown flower basket project.

An Information Disclosure Request, attached as Exhibit E (Exhibit F for police data), must be completed to document who requests and who receives this information. The Responsible Authority or Designee must complete the relevant portions of the form. The Responsible Authority or Designee may waive the use of this form if there is other documentation of

the requesting party's identity, the information requested, and the City's response. A request for information relating to litigation will be referred to the City Attorney.

- C. Identification of Requesting Party.** The Responsible Authority or Designee must verify the identity of the requesting party as a person entitled to access. This can be done through personal knowledge, presentation of written identification, comparison of the data subject's signature on a consent form with the person's signature in City records, or other reasonable means.
- D. Time Limits.** Requests will be received and processed during normal business hours. If the requesting party is the subject of the data, the response must be immediate, if possible, or within 10 working days if an immediate response is not possible. If the requesting party is not the subject of the data, the response must be immediate, if possible, or as soon as reasonably possible.
- E. Fees.** Fees will be charged in accordance with the fee ordinance attached as Exhibit A and as allowed under Minnesota Statutes Section 13.04.
- F. Summary Data.** Summary data is statistical records and reports derived from data on individuals but which does not identify an individual by name or any other private or confidential data. Unless classified by other statute or federal law, summary data is public. The Responsible Authority or Designee will prepare summary data upon request, if the request is in writing and the requesting party pays for the cost of preparation. The Responsible Authority or Designee must notify the requester of the anticipated time schedule and the reasons for any delay.

The Responsible Authority may ask an outside agency or person to prepare the summary data if (1) the specific purpose is given in writing, (2) the agency or person agrees not to disclose the private or confidential data, and (3) the Responsible Authority determines that access by this outside agency or person will not compromise the privacy of the private or confidential data. The Responsible Authority may use the form attached as Exhibit G.

- G. Minor Children's Records.** The following applies to *private* (not confidential) data about people under the age of 18.
 - **Parental Access.** In addition to the people listed above who may have access to private data, a parent may have access to private information about a minor child subject. "Parent" means the parent or legal guardian of a minor child data subject, or individual acting as a parent or legal guardian in the absence of a parent or legal guardian. The parent is presumed to have this right unless the Responsible Authority or Designee has been given evidence that there is a state law, court order, or other legally binding document that prohibits this right.

- **Notice to Minor.** Before requesting private data from minor children, city personnel must notify the minors that they may request that the information not be given to their parent(s). This notice should be in the form attached as Exhibit I.
- **Denial of Parental Access.** The Responsible Authority or Designee may deny parental access to private data when the minor requests this denial and the Responsible Authority or Designee determines that withholding the data would be in the best interest of the minor child. The request from the minor must be in writing stating the reasons for the request. In determining the best interest of the minor, the Responsible Authority or Designee will consider:
 - Whether the minor is of sufficient age and maturity to explain the reasons and understand the consequences.
 - Whether denying access may protect the minor from physical or emotional harm,
 - Whether there is reasonable grounds to support the minor's reasons, and
 - Whether the data concerns medical, dental, or other health services provided under Minnesota Statutes Sections 144.341 to 144.347. If so, the data may be released only if failure to inform the parent would seriously jeopardize the health of the minor.

The Responsible Authority or Designee may also deny parental access without a request from the minor under Minnesota Health Records Act.

The Responsible Authority or Designee will document the basis for its decision when it considers a minor's request to deny parental access to data.

- V. **Denial of Access.** If the Responsible Authority or Designee determines that the requested data is not accessible to the requesting party, the Responsible Authority or Designee must inform the requesting party verbally at the time of the request or in writing as soon after that as possible. When informing the requesting party, the Responsible Authority or Designee must cite the particular statute, temporary classification or federal law that forms the legal authority for the denial. The Responsible Authority or Designee must place an oral denial in writing upon request. This must also include the specific legal authority for the denial.
- VI. **Collection of Data on Individuals.** The collection and storage of information about individuals will be limited to that necessary for the administration and

management of programs specifically authorized by the state legislature, city council, or federal government.

When an individual is asked to supply private or confidential information about himself or herself, the City employee requesting the information must give the individual a *Tennessee* warning, see Exhibit C. This warning must contain the following:

- the purpose and intended use of the requested data;
- whether the individual may refuse or is legally required to supply the requested data;
- any known consequences from supplying or refusing to supply the information, and;
- the identity of other persons or entities authorized by state or federal law to receive the data.

A *Tennessee* warning is not required when an individual is requested to supply investigative data to a law enforcement officer.

A *Tennessee* warning is not required when an employee is requested to supply data to his/her employer and the data requested falls within the employee's scope of employment.

A *Tennessee* warning may be on a separate form or may be incorporated into the form that requests the private or confidential data.

VII. Challenge to Data Accuracy. An individual who is the subject of public or private data may contest the accuracy or completeness of that data maintained by the City. The individual must notify the City's Responsible Authority in writing describing the nature of the disagreement. Within 30 days, the Responsible Authority must respond in writing to the individual as to his/her determination. The determination must be that the data was inaccurate, incomplete, accurate, and/or complete. If inaccurate or incomplete, the Responsible Authority must correct the data found to be inaccurate or incomplete and attempt to notify past recipients of inaccurate or incomplete data, including recipients named by the individual.

An individual who is dissatisfied with the Responsible Authority's determination may appeal to the Commissioner of the Minnesota Department of Administration, using the contested case procedures under Minnesota Statutes Chapter 14 and Minnesota Rules, part 1205.1600. The Responsible Authority will correct any data if so ordered by the Commissioner or a court.

VIII. Data Protection

A. Accuracy and Currency of Data

- All employees will be requested to provide updated personal information to the appropriate supervisor and Human Resource Manager, which is necessary for tax, insurance, emergency notifications, and other personnel purposes. Other people who provide private or confidential information will also be encouraged to provide updated information when appropriate.
- Department heads should periodically review forms used to collect data on individuals to delete items that are not necessary and to clarify items that may be ambiguous.
- All records must be disposed of according to the City's General Records Retention Schedule.

B. Data Safeguards

- Private and confidential information will be stored in files or databases that are not accessible to individuals who do not have authorized access and which will be secured during hours when the offices are closed.
- Private and confidential data must be kept only in City offices, except when necessary for City business.
- Only those employees whose job responsibilities/descriptions require them to have access will be allowed access to files and records that contain private and confidential information. These employees may be identified in the following ways:
 - The City will identify employees who have access to not public data in its Data Inventory;
 - Position descriptions may identify not public data accessible to employees when a work assignment reasonably requires;
 - An employee may access certain not public data in the event of a temporary duty assigned by a manager or supervisor for as long as is required to complete the work; and
 - The Responsible Authority, Designees, City Council Administrator, and City Attorneys may have access to all not public data maintained by the City as necessary to complete fulfill assigned duties and work.

- The employees authorized to access not public data will be instructed to:
 - not discuss, disclose or otherwise release private or confidential data to City employees whose job responsibilities do not require access to the data,
 - not leave private or confidential data where non-authorized individuals might see or gain access to it,
 - password protect computers and lock computers before leaving workstations, and
 - shred private or confidential data before discarding, or dispose through confidential waste incineration.
- When a contract with an outside party requires access to private or confidential information, the contracting party will be required to use and disseminate the information consistent with the Act. The City may include in a written contract the language contained in Exhibit H.
- Not public data may be shared with another entity if federal or state law allows or mandates it. Not public data may be shared to the extent necessary or required by the law.
- Unauthorized use or disclosure of private or confidential data may result in disciplinary action up to and including termination. A willful unauthorized use or disclosure of private or confidential data may result in other penalties as provided in Minnesota Statutes Section 13.09.

IX. Red Wing Library

- A. Patron Data Privacy.** The Red Wing Public Library (hereinafter “Library”) shall comply with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes, Section 13.40.

Library records that link a patron’s name with materials requested or borrowed by the patron or which links a patron’s name with a specific subject about which the patron has requested information or materials is classified as private (hereinafter referred to as “private library data”).

Data supplied by a user in applying for a library card, except for the name of the borrower, is also classified as private library data (Exhibit J).

Private library data is accessible only to the individual who is the subject of that data. In the case of a minor (under 18) or a person adjudged mentally incompetent, “individual” includes a parent or guardian, or an individual acting as a parent or guardian in the absence of a parent or guardian.

Release of private library data to the individual requires that the individual possess the individual's library card, or other form of identification.

However, the Library shall withhold private library data from parents or guardians, or individuals acting as parents or guardians in the absence of parents or guardians, upon request of the minor, if the Library determines that withholding the data is in the best interest of the minor. In that case, the minor and authorized staff person of the Library shall complete and sign a Data Privacy Withholding Request Form (Exhibit K).

With regard to incoming and outgoing telephone calls and overdue notices, the Library staff must take appropriate steps to identify the individual patron prior to giving out information considered to be private library data.

Public information is data that is not classified by state statute, federal law or temporary classification as either private or confidential. It is accessible to anyone for any reason. All government data is presumed to be public unless a specific state or federal law classifies it otherwise. Private information is that information which is available to you, not the public. The information we collect from you is either public or private. The separation of that information is as follows:

PUBLIC - Name; city of residence; education and training; employment history; volunteer work; awards and honors; prior government service; and veteran status.

After an individual is appointed to a public body, the following additional items of data are public: residential address, either a telephone number or electronic mail address where the appointee can be reached, or both at the request of the appointee; first and last dates of service on the public body; the existence and status of any complaints or charges against an appointee; and upon completion of an investigation of a complaint or charge against an appointee, the final investigation report, unless access to the data would jeopardize an active investigation.

PRIVATE - All other information collected at the time of the application.

The information collected and required from you is to determine your eligibility for a City of Red Wing Board and Commission position. If you do not supply the required information, the City of Red Wing will not be able to determine your eligibility. The dissemination and use of the private data we collect is limited to that necessary for the administration of Board and Commission positions. Persons or agencies with whom this information may be shared include:

CITY AND COUNTY PERSONNEL INVOLVED IN DETERMINING YOUR ELIGIBILITY, CITY COUNCIL MEMBERS TO APPROVE THE APPLICATION, CONTRACTED PUBLIC AUDITORS AND THOSE INDIVIDUALS TO WHOM YOU GIVE YOUR EXPRESS WRITTEN PERMISSION.

Unless otherwise authorized by state statute or federal law, other government agencies utilizing the reported private data must also treat the information private.

You have the following rights under the MGDPA: The right to see and obtain copies of the data maintained on you, the right to be told the contents and meaning of the data, and the right to contest the accuracy and completeness of the data. To exercise these rights, contact Administration, Second Floor, City Hall, Red Wing, MN, 55066.

I have read and understand the above information regarding my rights as a subject of government data.

RED WING LIBRARY *Standards and Guidelines for Automated Library Systems*

DATA PRIVACY STANDARDS AND GUIDELINES

INTRODUCTION

On-line automated systems have brought a kind of instant access to patron information that was normally unavailable to libraries prior to the 1970's. Now library staff routinely have access to information about what patrons have checked out, for example, or what titles they have requested. The availability of this information has expanded questions of data privacy policy from traditional concerns of protecting patrons from unwarranted incursions into their records to everyday situations that can occur wherever automated systems provide access to patron information.

The Data Privacy Standards address issues of data privacy as they relate to library automation. Because automated systems affect many areas of library operations, the standards and guidelines address a wide range of issues affecting patron records, circulation records, and other operations records, but their focus remains privacy vis-à-vis automated systems. They do not attempt to address all library data privacy concerns.

The Data Privacy Standards were written to conform to the Minnesota Government Data Practices Act (see description below). The Minnesota Government Data Practices Act governs data practices of state agencies, political subdivisions, and state-wide systems. While the standards contained herein were written to be consistent with the law, they do not have the force of law. School libraries, libraries of publicly-supported academic institutions, state agency libraries, and other governmental agency libraries should be aware that there are many types of data in addition to library data governed by the law (e.g., educational data, welfare data, medical data, criminal justice data). A library holding educational data, for example, also needs to be aware of the sections of the law governing such data.

The Minnesota Government Data Practices Act is often vague and many of its provisions are untested in the courts. Librarians responsible for creating and implementing data practices should obtain legal advice on all proposed policies and procedures. These standards and guidelines should not be used as a substitute for legal counsel.

The Minnesota Government Data Practices Act requires that each political subdivision appoint a person called a "responsible authority" for matters relating to data privacy. (Minnesota Statutes 1996, Section 13.02, Subdivision 16). Since legal opinion concerning implementation of the Act will vary, libraries should consult their responsible authority, as well as their local legal authorities, concerning interpretation of and compliance with the Act.

The Office of Library Development and Services, Minnesota Department of Children, Families and Learning, can also offer assistance to libraries as to the current interpretations of this act.

BACKGROUND: THE MINNESOTA DATA PRACTICES ACT

The Minnesota Government Data Practices Act (Minnesota Statutes 1996, Chapter 13) was initially enacted in 1979. It, along with Chapter 1205 of the Department of Administration Rules, governs data practices of “state agencies, political subdivisions, and statewide systems” (Minnesota Statutes, Sec. 13.01, Subd. 1). The Minnesota Government Data Practices Act covers a wide variety of data (personnel, licensing, welfare, health, etc.) in addition to library data. Section 13.40 deals specifically with library data. Provisions and definitions of particular application to libraries include:

1. Public vs. private data.

“Except as provided in paragraph (b), the following data maintained by a library are private data on individuals and may not be disclosed for other than library purposes except pursuant to a court order: (1) data that link a library patron’s name with materials requested or borrowed by the patron or that link a patron’s name with a specific subject about which the patron has requested information or materials; or (2) data in applications for borrower cards, other than the name of the borrower.” (Minnesota Statutes 1996, Sec. 13.40, Subd. 2 (a) (1))

2. Pick Up of Reserves.

“A library may release reserved materials to a family member or other person who resides with a library patron and who is picking up the material on behalf of the patron. A patron may request that reserved materials be released only to the patron.” (Minnesota Statutes 1996, Sec. 13.40, Subd. 2 (b))

3. Private data on individuals.

“*Private data on individuals* means data which is made by statute or federal law applicable to the data: (a) not public; and (b) accessible to the subject of the data.” (Minnesota Statutes 1996, Sec. 13.02, Subd. 12)

4. Relationship of minors to parents/guardians.

“*Individual* means a natural person. In the case of a minor or an incapacitated person, *individual* includes a parent or guardian or an individual acting as a parent or guardian in the absence of a parent or guardian, except that the responsible authority shall withhold data from parents or guardians, or individuals acting as parents or guardians in the absence of parents or guardians, upon request by the minor if the responsible authority determines that withholding the data would be in the best interest of the minor.” (Sec. 13.02, Subd. 8) “Minor” means an individual under the age of 18 (Minnesota Statutes 1996, Sec. 645.451, Subd. 2)

5. Information required to be given individual, upon request for private or confidential data.

“An individual asked to supply private or confidential data concerning the individual shall be informed of: (a) the purpose and intended use of the requested data within the collecting state agency, political subdivision, or statewide system; (b) whether the individual may refuse or is legally required to supply the requested data; (c) any known consequence arising from supplying or refusing to supply private or confidential data; and (d) the identity of other persons or entities authorized by state or federal law to receive the data. (Sec. 13.04, Subd. 2)

DATA PRIVACY STANDARDS

1. Libraries should have written policies and procedures regarding data privacy and should make (and keep) all staff and volunteers familiar with such policies and procedures.
2. If a library allows its patrons unsupervised access to private data in a patron's own record, procedures should be adopted to ensure that access to that record cannot be obtained by others without the patron's consent.
3. A library should allow another agency within the institution or another library access to its patron records only if the individual from whom private data was collected was informed of that use/dissemination in the “Tennessee warning” given when the data was initially collected and if that agency or library agrees in writing to treat the data in those records in a manner consistent with standards and with the written policies and procedures of the library concerning data privacy.
4. In the case of shared library systems where staff at several libraries have access to the same private data, participating libraries should jointly formulate a set of standards and procedures concerning access to private data.
5. If a library petitions the appropriate authority to broaden or otherwise alter the definition of private data, a copy of that petition should be sent to the Minnesota State Library so that the Library can make the MINITEX/Minnesota State Library Standards Task Force aware of what changes are being proposed.
6. These data privacy standards should be followed by all libraries in Minnesota and they should apply to all persons using Minnesota libraries, regardless of their home residency.
7. All data privacy policies and procedures shall be consistent with all applicable state and federal laws.

DATA PRIVACY IMPLEMENTATION GUIDELINES

The following general guidelines are intended to help libraries develop data privacy policy and procedure as it concerns library automation. They describe areas that libraries should review for compliance with the Minnesota Government Data Practices Act.

1. Identification.

In summary, the Minnesota Government Data Practices Act requires that private data (the specific titles and subjects charged to or requested by a library user and data in application for library cards, except the person's name) is to be made available only to the subjects of that data. In the case of minors or individuals adjudged mentally incompetent, private data is also available to their parents or guardians. This legal requirement should be addressed wherever private data is handled at reference, circulation, and technical service areas.

A library may release reserved materials to a family member or other person who resides with a library patron and who is picking up material on behalf of the patron. A patron may request that reserved materials be released only to the patron.

Registration procedures for library cards must give the patron the option of having reserved materials released only to them.

Particularly at circulation desks, the issue is how to develop workable procedures for handling patron requests, in person and over the telephone, for circulation information. ("What do I have checked out? What does my son?" "I got this overdue notice and ...") Given the specific situation at your library, what kind of patron identification can be reasonably required for staff to provide data with confidence?

2. Providing public data.

Anyone can request, and libraries must provide, library data classified as public. It is prudent to ask for and keep only what patron information the library needs for its operation. Public data could be requested and used for purposes you don't intend.

Note: The rules governing the Minnesota Government Data Practices Act state that a "reasonable fee" can be charged for providing copies of public data, taking into account the cost of materials, labor, mailing, electronic transmissions, and other costs. A citizen who wants to only inspect public data cannot be charged any kind of fee for that inspection. (Minnesota Statutes 1996, Section 13.03, Subdivision 3)

3. Data trails.

Libraries should examine data trails left where private data has been gathered, to eliminate the possibility of its being accessible to non-authorized persons. For example, how are the following recorded, maintained, and disposed of: reserve

forms, subject request forms, on-line database search requests and results, ILL forms, notices mailed or otherwise delivered to patrons, manual charge cards?

It should be noted that any charge out procedure that requires a patron to sign his or her name on a card containing the title or call number for the charged material is illegal if that same card is subsequently accessible to another person, and would constitute a disclosure of private data to the public.

4. Public notification concerning private data.

4.1 According to the Minnesota Data Practices Act, minors have a right to request that private data be withheld from their parents or guardians and they must be informed of that right. (This requirement is sometimes referred to as “minor notification.”) Notification should be provided and procedures should be established to handle such a request, including making determinations as to whether honoring a request is in the “best interest” of the minor.

4.2 According to the Minnesota Government Data Practices Act, library users must be informed of what private data is being collected, its uses and disposition (sometimes referred to as the “Tennessee warning”).

Here is a **SAMPLE** public notification, combining Tennessee warning and minor notification:

“The information requested is required to support library service. By Minnesota law, information you provide in applying for a library card, except your name, as well as information which links your name with library materials is private. It is available only to you and to appropriate library personnel, and by those otherwise authorized by law. This information is required to support library service. If you are under age 18, information about materials requested or kept overdue is available to your parent or guardian. You may ask to have this information withheld by filling out a data privacy request form. However, we can only withhold this data from your parents if it is in your best interest to do so.”

4.3 The laws concerning criteria for guardianship are not clear-cut. Consult your legal counsel in drafting guidelines with regard to whom guardianship notification applies.

5. Training and documentation.

Library policy regarding data privacy should be written, approved by appropriate governing bodies, and distributed to staff. Ongoing training programs should ensure staff awareness of this policy and their role in upholding it.

Here is a **SAMPLE** library board policy:

"Library records linking the names of library users with specific library materials or subjects as well as information in applications for borrowers cards, other than the name of the borrower are private by law in Minnesota and may not be disclosed for other than library purposes except pursuant to a court order. All Library employees are advised that such records shall not be made available to any agency of state, federal, or local government except pursuant to such a court order as may be issued under the authority of and pursuant to federal, state, or local law relating to civil, criminal, or administration discovery procedures or legislative investigative power. The Library will resist the issuance or enforcement of any such process, order, or subpoena until such time as a proper showing of good cause has been made in a court of competent jurisdiction."

6. Statement III from the American Library Association Code of Ethics, 1995.

The ALA Code of Ethics, 1995 refers to data privacy as follows:

"We protect each library user's right to privacy and confidentiality with respect to information sought or received and resources consulted, borrowed, acquired, or transmitted."

7. Classification of library data as public or private.

While the law defines private library data (Section 13.40 of the Minnesota Statutes), public institutions have the right and the ability to make application to the State Commissioner of Administration to classify other data maintained by libraries as not public.

Such petitions should also be forwarded to the Minnesota State Library at the address below prior to submission so that the State Library and the MINITEX/ Minnesota State Library Standards Review Task Force can be kept aware of emerging data privacy issues. The State Library can also offer technical help for reclassification efforts.
